

Looking For Good Tenants?

**How we can help you
fill housing rental needs
with long-term tenants
supported by our agency**

Come out November 28

Community Living Upper Ottawa Valley is selling their group home properties in order to better meet the individual needs of the people we support. We are now looking to meet with landlords, home builders and property developers to discuss our needs as we grow.

We are looking to reach as many people involved with property rental as possible in order to best accommodate the needs of the people we support. We cover a region from Deep River to Cobden and our needs are diverse from duplex and apartment rentals to seniors' living.

We have an immediate need for housing in Pembroke and Petawawa, mostly for two-bedroom options. We are also planning for future housing needs and would like to speak with developers about housing partnerships that we could pursue. We are prepared to rent long-term.
